TABLE OF CONTENTS:

- Overview
- Goals and Objectives
- Tasks and Assignments
- Timeline

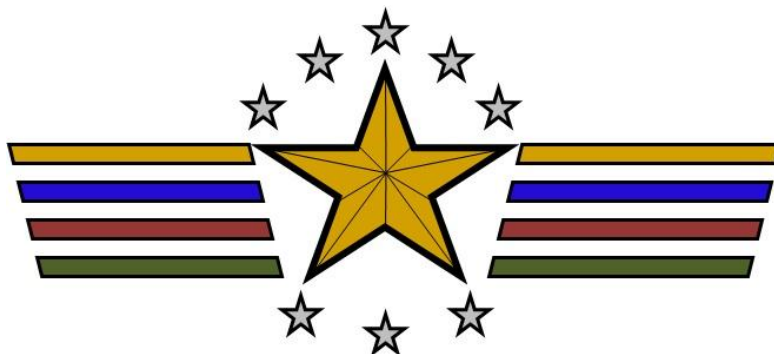

OVERVIEW:

Purpose: As an NCAC term can be divided into four 90-day periods, it is imperative for the Chair to strategically establish action plans in order to set forth goals, benchmarks, and deadlines that will guide the Council's operations over the course of each quarter.

Implementation: Each action plan should summarize the overall goals and objectives per quarter. Furthermore, each plan should outline tasks and assignments that, when combined, will achieve the goals previously set forth. Each plan should correlate these tasks, assignments, goals, and objectives to a timeline for the quarter.
